Customer Service Policy

Customer Satisfaction

Customer satisfaction is one of the company's highest priorities.

Employees should communicate professionally, respond quickly, and resolve customer issues efficiently.

Complaint Resolution

Customer complaints should receive an initial response within 24 hours.

Support representatives should acknowledge the issue, investigate the cause, and provide regular updates.

Refund Policy

Refund requests may be approved within 30 days of purchase if the product is defective or significantly different from its description.

Refunds are processed within five business days after approval.

Customer Loyalty

Satisfied customers are more likely to make repeat purchases and recommend products to others.

Improving customer experience increases long-term revenue and strengthens the company's reputation.
